Projects

Portfolio

Trying to build my own Portfolio using Flutter tools and host it using Firebase.

Smart Homes UI

Some basic UI screens for a smart home management system with some animations.

To-Do App

A very Basic TO-DO app using state management system.

Profile

I am a second-year DTU student trying my hands at Flutter Development. I have fast learning skills, and I can easily handle pressure. I am helpful, and If I take any work as my responsibility, I ought to finish it on time. I am a beginner at flutter development, but I will ensure that I learn everything I can and should by the time of my internship.
